

CITY & GUILDS 6159 – WINTER SERVICE OPERATIONS

(NEW SCHEME FROM 01.11.08)

UNIT	DESCRIPTION	DAYS	MAX NUMBER OF CANDIDATES
Safety Unit for Operators (Theory)			
080	Winter Service Operations Health & Safety	1	8
Safety Unit for Supervisors (Theory)			
021	Winter Supervision & Monitoring	2	8
Operator Units – Highways (Practical)			
013	Prepare and operate winter service vehicles over 7500kg (Large LGV)	1	2
Endorsement Equipment Indicator for Unit 013 (Practical)			
313	Plough Angle Blade / Vee Blade	#	#

= Included as part of unit 013.

Notes:

- New unit 080 replaces unit 008.
- New unit 013 replaces unit 003.
- Candidates taking unit 013 must hold a Large LGV Licence and show this original licence to the instructor plus a copy for the instructor to retain.
- If candidates are novices (inexperienced), then they will require 1 day's training prior to assessment on unit 013. The maximum number of candidates for this training is 4.
- Candidates must take the health & safety theory unit 080 prior to taking the practical unit 013.
- Candidates who hold the old health & safety theory unit 008 and the old practical unit 003 (i.e., prior to 01.11.08) and who wish to take refresher training/assessment must take the new unit 080 prior to being assessed on the new unit 013.
- A NEREO Winter Service Skill Card can only be obtained when both unit 080 and unit 013 have been successfully completed.
- A NEREO Winter Service Skill Card issued prior to 01.11.08 is valid for 5 years from date of issue. Once that card expires candidates must take both new units 080 & 013.
